An effort to have the chamber rescind its former action indorsing this site and to favor a plan for the construction of a memorial bridge across the Potomac and a highway from Washington to Richmond via this bridge was made through a report of a special committee, submitted by Robert N. Why! He's Baldheaded

Yes! Hundreds of Thousands of Men are Baldheaded. Many at 35 and 40.

A bald head doesn't mean an abundance of healns as most bald heads would pretend to believe. It does mean that if dandruff germs had been destroyed when dandruff first made its appearance the owner of the bald head would still have his hair—also his brains.

But most bald beads are not to blame: they never heard until too late of PARISIAN SAGE, the delightful hair preparation that kills dandruff germs, eradicates dandruff, stops hair from falling and prevents baldness.

Bave your hair now while you have hair to save. Henry Evans and Jas. O'Donnell guarantee PARISIAN SAGE for dandruff, falling hair, itching scalp and to put life and luster into faded hair.
